Blue Marlin Partners Completes Annual Investor Summit

July 2024

Blue Marlin Partners announces the successful completion of its annual two-day Investor Summit at the Four Seasons Hotel in Washington, DC.

More than 80 Partners/Investors, portfolio company CEOs, and guests spent the two days discussing a wide range of issues, such as the Blue Marlin portfolio, economy, geopolitics, investing landscape, and how Artificial Intelligence might impact the firm's investing theses.

"Our Summit is different than any other private equity conference in the country. All of our Partners are successful operators who engage in the Blue Marlin investing model and thesis. Our Partners drive our investing strategy forward," said Blue Marlin Partners Founder & Managing Partner, Peter Kirsch.

The Summit culminated with Peter Kirsch interviewing Ted Leonsis, former senior executive with America Online, and the Founder, Chairman, and CEO of Monumental Sports & Entertainment. Monumental owns the Washington Wizards, Washington Capitals, Washington Mystics, and Monumental Sports Network.

"Interviewing Ted Leonsis was so enjoyable and enlightening. Ted is an icon in the greater Washington, DC area," Peter Kirsch said. "He is probably the most impactful individual in DC in the past 25 years. The interview was a blast."

Drunk Elephant Founder and Blue Marlin General Partner Tiffany Masterson said "Blue Marlin has created an environment of great engagement, trust, and camaraderie. There was great debate at the Summit around the current investing landscape. I am excited about my involvement as we continue to build on Blue Marlin's success."

Blue Marlin has deployed more than \$650 million of capital across 27 portfolio companies along with strategic partners since its 2016 inception. For more information on Blue Marlin, any of its portfolio companies, please contact info@bluemarpartners.com or Peter Kirsch via the information below.
